

Statement of Construction Contract Experience: Review Adjudicator Pathway 2

Review Adjudicator Pathway 2:

- For registration as a review adjudicator in Western Australia under the *Building and Construction Industry (Security of Payment) Act 2021* (the Act) using Review Adjudicator Pathway 2, you will need to provide evidence of at least 10 years' experience in the management and administration of construction contracts or in the resolution of disputes in connection with construction contracts, **AND** experience as an adjudicator under the Act, the *Construction Contracts (Former Provisions) Act 2004* (WA) or under a corresponding security of payment law) in the determination of at least 10 adjudication applications (at least 5 of them being determinations related to payment claims or payment disputes for more than \$100,000).
- The table below (**Table A**) is to be used for evidencing your construction contract experience. For evidencing your adjudication experience, please use **Table B**.

Table A: Construction Contracts Experience

How to complete this form (Table A):

- Please provide details of your experience in the table set out below.
- You will need to set out a start and end date for each item of experience claimed in relation to each project. A 'project' may relate to on-site construction experience, or working on a project in an advisory capacity (for example, a construction contracts manager or legal advisor).
- For each of the items of experience that you list in the table, provide details of your particular role and responsibilities on that project. For each item, specify how your time was allocated as a percentage, for example: 80% contract administration; 20% dispute resolution.
- Make sure that you list a referee in relation to each project who can verify the experience claimed.

Name of applicant:						
No.	Project name	Date range E.g. January 2012 to February 2015.	Applicant's role and responsibilities on the project	Percentage of time in the management and administration of construction contracts	Percentage of time in the resolution of disputes in connection with construction contracts	Referee For each referee, you will need to give their full name, phone number, email and state your relationship to the person.
