Date: Tuesday, 11 February 2020 6:22:57 PM

I write to you to appeal to you to do all you can to protect our native vegetation from land clearing here in the south West .as you know we live in a world that knows of our regions vast Botanical diversity it is doubly important to save what native vegetation we have in the Perth and peel regions as it is regarding the Banksia woodlands and tuart forest of the Swan coastal plain. The world will be a much poorer place without the enormous diversity of life that we have here

Yours Sincerely
Paul Desmond
