

CMPAP Grants 2023/24				
Region	Project Title	Recipient	Project Summary	Grant
Perth	Mettams Pool Adaptation Options Assessment	City of Stirling	To undertake a detailed options assessment to determine the optimal coastal protection technique(s) at Mettams Pool Beach. This will ultimately result in a detailed concept plan of the recommended option.	\$70,000
	City of Nedlands Coastal Hazard Risk Management and Adaptation Plan	City of Nedlands	To undertake a Coastal Hazard Risk Management and Adaptation Plan (CHRMAP) for the City's coastal and estuarine areas. This will help ensure sustainable land use planning and management decisions and will serve as a framework for strategic direction.	\$25,000
	City of Cockburn Coastal Hazard Risk Management and Adaptation Plan	City of Cockburn	To review and update the City's previous CHRMAP equivalent completed in 2016. The CHRMAP will help the City better understand the coastal hazard challenges that it will face in the short, medium and long-term. The CHRMAP will guide the City's planning decisions and management of existing protection structures.	\$115,000
Peel	Mandurah Southern Beaches Coastal Hazard Risk Management and Adaptation Plan	City of Mandurah	To undertake a CHRMAP to improve the understanding of coastal processes and hazards within the City's southern beaches, and to provide suitable adaptation responses. The CHRMAP will provide strategic guidance for coordinated, integrated and sustainable land use planning and management decision-making by the City.	\$140,000
South West	Integrated Coastal Erosion Protection Strategy for Marybrook Siesta Park	City of Busselton	To undertake the detailed design and costing of suitable coastal erosion protection methods for a section of the Geographe Bay coastline in the localities of Marybrook Siesta Park. A Benefit Distribution Analysis will be applied to support the identification and apportionment of benefits and support development of a funding model.	\$150,000
			Total	\$500,000
