

Organisation	Project Title	Funds Granted	Synopsis
Village Green Community Foundation	Doin' it with Dogs	\$ 1,500.00	People walking their dogs through the neighbourhood can improve community policing at very little cost. The incentives to do this are strategically placed doggy bags, near suitable frequently cleared bins, and the bonus are streets clear of doggy droppings.
Switch Your Thinking (City of Gosnells)	Responsible Cafes Partnership	\$ 10,000.00	Littered disposable cups will decrease across Perth as a campaign is launched to encourage coffee drinkers to take reusable cups to cafes. Switch Your Thinking will promote Responsible Café membership through 13 Councils and distribute 450 KeepCups to incentivise participation.
Eastern Metropolitan Regional Council (EMRC)	Water not Waste	\$ 10,000.00	The 'Water Not Waste' project is a waste education opportunity to reduce litter and change littering behaviours throughout Perth's Eastern Region. The project has two components: providing a litter prevention resource for utilisation across a range of site/events (water re-fill stations) and educating the community about re-using, reducing, recycling and recovering waste.
Shire of Serpentine Jarrahdale and Byford Progress Association	Be a Better Builder - Keep SJ Clean	\$ 4,130.45	The grant will help to fund a strategic and targeted approach to builder's waste in conjunction with strategies already being undertaken by the Shire of Serpentine Jarrahdale.
Nannup Music Festival	Serving the Planet, One Meal at a Time	\$ 3,128.00	The Nannup Music Festival <i>Serving the Planet, One Meal at a Time</i> project aims to bring the popular event one step closer to eliminating its unnecessary waste. Combining litter prevention, education, infrastructure and enforcement we're hoping to reduce our Food Stalls and Bush Breakfast waste and affect litter attitudes and behaviours in the community.

Shire of Exmouth	One Environment, Don't Waste it!	\$ 4,175.00	Exmouth is surrounded by beautiful beaches and scrubland which is home to a unique range of wildlife and marine life. We are supporting this beautiful environment by saying 'No' to litter and educating visitors and the community on the importance of not littering through artwork designed by students from the Exmouth District High School, to be placed on bins.
Girl Guides WA - Joondalup Region	The Waste Free Camps - avoiding plastic	\$ 2,558.18	The Girl Guides Waste Free Camps - avoiding plastic project aims to promote the awareness of litter and unnecessary waste through the use of reusable lunch products that are easy to use in a camp situation. Through the supply of sandwich wraps and snack bags, a four day region camp will be waste free and by staying in the region for other members of Girl Guides WA to use, it will enable other events to be litter and waste free. By taking on the challenge to hold a four day waste free camp, an education component will be created with the future aim to change then thinking of Girl Guides throughout the state and Australia to see the simplicity, benefits and worth in reducing litter.
Southern Metropolitan Regional Council	Eliminating Nasty Nappies	\$ 10,000.00	Nixing Nasty Nappies. Disposable diapers are littering our parks, beaches and even our recycling bins. In discussing this dirty dilemma our community will discover correct disposable techniques and dispel the myths surrounding 'biodegradable' litter. This will reach the whole Perth Metropolitan area with correct disposable information brochures included in new mother's 'Bounty Bags'.
