## Are You Missing Service Days on Your MyLeave Account?

Only submit queries for employers that you consider have not contributed for you or who have reported the incorrect number of service days for you.

For your information: Employers are only required to keep their records (for MyLeave purposes) for 7 years, and even less than that for Tax purposes. Where records no longer exist, MyLeave cannot accept claims for periods of service if records are not available. Missing service needs to be independently verifiable for it to be credited to your account.
