

STRATEGIC ADVICE FOR GOVERNMENT TO ACT ON

Definition: *Any contractual engagement on a fee-for-service basis which an agency undertakes, where the outcome is to provide strategic advice having the potential to impact State Government policy/decisions, for Government to act upon (not advice for an agency to act upon).*

Strategic advice reports to be included (criteria):

1. *Policy analysis, development and implementation advice for Government to act on. **Example:** address and examine a particular issue and analyse the implementation of the policy*
2. *Developing targets and priorities for Government to act on. **Example:** development of a cross-sector strategic plan*
3. *Providing diversification strategies to agencies for Government to act on. **Example:** providing advice to evolve and/or diversify a product or service.*
4. *Advice for the establishment and/ or development of a Government project. **Example:** provide advice and assistance to Government on matters relating to a new project, or assistance in enhancing the efficiency and effectiveness of a new project.*
5. *Capability reviews and evaluation plans for Government; due diligence report/advice. **Example:** evaluating commercial potential for the sale of Government property.*
