Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence', 'Offence Substituted' or 'False Report'.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2016, with the population of Western Australia being 2,558,951.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. - Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence', 'Offence Substituted' or 'False Report'.
- Rate per 100,000 people is based on the Australian Bureau of Statistics Estimated Resident Population as at June 2016, with the population of Goldfields-Esperance District being 55,838.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. 2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
- A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
- The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
- The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

1. Reported offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: No Criminal Offence, 'Offence Substituted' or 'False Report'.
2. A sanctioned offence is an offence that has a sanction outcome in the reporting period regardless of when the offence was originally reported. The Sanction Rate is based on all offences with a sanction outcome in the relevant reporting period divided by the number of recorded offences reported in the same time period.
3. The Sanction Rate may exceed 100% due to there being more offences with a sanction outcome in a reporting period than offences recorded during the same period.
4. The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation, however for the WA Police Force crime statistics reporting purposes, categories may use broader or different definitions to capture similar or like offence types. Please refer to the Glossary for more information.

Explanatory Notes

- (a) Sexual Offence reporting is currently under review and changes are expected in a later release that will affect figures. Specifically, the classification of offences between Sexual Offence sub-categories will be improved based on internal review work, and a counting rule is expected to be implemented that will better align WA Police Force reporting with national standards.
- (b) From July 2017, offences are defined as 'Recorded Offences'. Recorded offences are all offences reported to or becoming known to police within the relevant time period that do not have an Offence Outcome Status Code of: 'No Criminal Offence', 'Offence Substituted', or 'False Report'. Prior to July 2017, offences were defined as 'Verified Offences'. Verified offences were all offences reported to or becoming known to police within the relevant time period that had not been determined to be a 'False Report' or 'Mistakenly Reported'. The number of reported offences is not within the direct control of the police.
- (c) Changes to recording and reporting practices implemented between May and November 2017 affect the crime statistics presented in this document. Due to these changes, comparison should be made with caution where it is either of data from before and after the period of recording and reporting changes, or involves data from a period overlapping May-November 2017.
- (d) This document contains statistical information on selected recorded offences reported to or becoming known to police, and resulting in the submission of an incident report in the Frontline Incident Management System (IMS). It excludes a number of other offences against the statute laws of this State and the Commonwealth.
- (e) The number of recorded offences for a period comprises all recorded offences reported during that period and may include offences committed during earlier periods.
- (f) Proactive policing strategies undertaken to encourage the reporting of certain offences, such as family violence and sexual assault, as well as the proactive targeting of specific offences will increase the number of offences reported or detected for a given period. However, a decrease in the number of reports for a targeted offence may occur in subsequent periods if the targeting has been successful or a different offence becomes a replacement target.
- (g) The offence classification used for the publishing of WA Police Force crime statistics is based on a combination of the Australian and New Zealand Standard Offence Classification (2011), WA Legislation, and operational reporting requirements. Category names may be the same as referred to in WA legislation. However, broader or different definitions may be used for WA Police Force crime statistics reporting purposes, to capture similar offence types. Please refer to the Glossary for more information.
- (h) Location data is recorded for all offences. However, if the location is unable to be mapped using WA Police Force geographical mapping tables, the offence will appear in WA State level data, but not appear at region level.
- (i) A sexual offence is defined as being 'recent' if it is reported to police within 90 days of the offence occurring, whereas a 'historical' sexual offence is reported to police more than 90 days after the offence occurred.
- (j) Circumstances of aggravation are factors present during an offence that escalate the severity. For example, if during a robbery offence the offender threatens to kill any person, it is considered 'aggravated robbery'. Due to recording limitations, offences committed under circumstances of aggravation are included, but not distinguished in this report.
- (k) 'Stealing of Motor Vehicle' excludes attempts to steal a motor vehicle, damaging or tampering/ interfering with a motor vehicle, or the theft of motor vehicle parts or the contents of a motor vehicle. A motor vehicle:
- Is built to be propelled by a motor that forms part of the vehicle;
 - Is self-propelled that is not operated on rails and includes a trailer, semi-trailer or caravan while attached to a motor vehicle;
 - Does not include a power assisted pedal cycle; and
 - Must be eligible for registration for use on public roads.
- (l) 'Stealing' excludes: stealing associated with a burglary.
- (m) 'Stealing From Motor Vehicle (Contents or Parts)' is a new series from June 2017. This offence type did not exist prior to this date.
- (n) 'Stealing From Retail Premises (Shoplift)' is a new series from June 2017. This offence type did not exist prior to this date.
- (o) 'Stealing From Dwelling' is a new series from June 2017. This offence type did not exist prior to this date.
- (p) Stealing (Not Elsewhere Classified) is a former offence type, whose use was curtailed in June 2017.
- (q) 'Property Damage' excludes circumstances where the damage was caused facilitating another offence. For example, breaking a window to commit burglary.
- (r) 'Detected Offences' comprise categories of offences such as 'Drug Possession' which are usually detected by - rather than reported to - police. Consequently, any changes in detected offences figures may be influenced by police activity and/or the prevalence of the offences occurring in the community.
- (s) 'Miscellaneous Offences' (i.e.: 'Fraud', 'Graffiti', and 'Breach of Violence Restraint Order') comprise offence categories where the number of reported and detected offences is dependent on external factors. For example, the number of 'Fraud' and 'Graffiti' offences are dependent on reporting practices and recording issues by Government agencies, local government authorities and private enterprises. The number of 'Breach of Violence Restraint Order' offences is affected by enhancements to family violence legislation and ongoing Government and police strategies.
- (t) 'Fraud (Credit Card)' is a new series from June 2017. This offence type did not exist prior to this date.
- (u) 'Fraud (Not Elsewhere Classified)' has a series break at June 2017. Prior to this date this offence type included credit card fraud.
