PROVEN CAPABILITY

EXTAG® is a software platform that helps asset-intensive organisations ensure their assets are compliant, safe, and ready to use.

Ideal for low risk, high volume asset environments.

Proven in the Mining and Oil & Gas sectors since 2018, EXTAG's proprietary flexible platform enables rapid deployment and delivers customised value, supporting data driven decisions for tactical, operational and strategic levels.

1 ATTACH
Attach EXTAG tag to your assets.

EXTAG EX30000000
EXTAG EX20000000
