

## Application to enter into an agreement to take water under an existing licence for a limited time

Application to take water under an existing licence under Schedule 1, Clause 30 (1) of the  
*Rights in Water and Irrigation Act 1914*

Please note:

- This is a paper application. Alternatively, applications can be completed and submitted online at <https://online.water.wa.gov.au>
- A fee is payable for this application.
- All fields applicable to your application type must be completed and are to be written clearly in block letters.
- If there is insufficient room please use a separate piece of paper.
- Submission of this form is an application only and is subject to assessment by a licensing officer.
- Incomplete applications will be returned.
- Refer to the checklist located at the rear of the form when completing the application.
- The licence holder is to fill out Part 1, Part 9 and sign Part 10 only.
- If more than name is on the agreement, each person must sign this and future forms.

### Part 1: Application and licence holder details

Application to enter into an agreement for the taking of water under an existing licence under Schedule 1, Clause 30 for a limited time.

Agreement to take water

The holder of a valid licence may enter into an agreement with another person ("third party") relating to the taking of water under the licence by the third party for a limited period of time.

- Agreement for part of an entitlement  
 Agreement for all of an entitlement

Current licence number

Current licence allocation

An agreement may be for all or part of a water entitlement.

Name of individual/  
company

List all relevant third parties and security interests and attach their written consent to the agreement for which approval is sought. Attach a copy of the agreement with the third party seeking approval to take water

### Part 2: Details of third party seeking approval to take water

The third party's full name is the name that will appear on the licence. Do not use initials unless they form part of the legal entity's name. Include all names to appear on licence.

Provide the legal name registered under the ABN or ACN.

Provide house and lot number details where applicable

Provide at a minimum your primary contact number.

Thirty Party(s) full name

Contact name

(if different from above)

ABN/ACN (if applicable)

Postal address  
(PO Box if applicable)

Property address

(if different from above)

Telephone

Fax

Mobile

Email

### Part 3: Third Party Property from which water is to be taken

Legal land description(s) for properties should be provided as they appear on the Certificate of Title (e.g. Lot 75 on Plan 14797).

OR

Legal land descriptions for mining tenements should be provided as they appear on TENGRAPH.

Property

 Mining field

		ha
Easting	Northing	Zone

### Part 4: Third party legal access

This field is required to be completed by the third party and relevant legal access information must be provided.

Please note: An application for a 5C licence must satisfy the requirements of Schedule 1 Clause 3 of the *Rights in Water and Irrigation Act 1914* to satisfy the legal access requirements to the land.

What is the nature of your access to the land on which the water is located?

- Own the land     
  Mining tenement     
  Lease the land from the Crown  
 Approval of landholder to use land  
 (attach copy of landholder's written approval and the term of the lease)  
 Negotiating to purchase or lease the land  
 (provide copy of contract of sale/lease or owner's name)

Name  Date

- Other (please specify)

### Part 5: Third Party Details of Water Use

Licence holder and third party are required to complete the relevant water usage details as applicable in relation to the existing 5c licence, including current and proposed areas of irrigation, crop types and any other water uses. Please note upon submission of this application an officer from the Regional Office may contact you to undertake a compliance inspection of the property in accordance with 'Operational Policy No. 5.13 – Water entitlement transactions for Western Australia'.

Third Party to complete below information where applicable:

Where is the water to be used?

Tick all that apply

- House     
  Garden/lawn     
  Fire fighting  
 Industrial     
  Horticultural     
  Stock watering  
 Mining     
  Aquaculture  
 Other \_\_\_\_\_

1 acre is equal to 0.4 ha

1 kL = 1000 litres

Area (for garden / lawn or other use)

ha

Irrigation use:  
 Planting density  
 (number of plants  
 per hectare e.g. for  
 orchards, tree farms  
 etc.)

Irrigation method  
 (e.g. sprinkler,  
 trickle, butterfly  
 sprinkler).

	Irrigation use - specify each crop type (ie carrots, apples)	Planting density (per ha) if applicable	Irrigation method	Usage area (ha)	Estimated annual quantity (kL) if known
			Total		

Stock use:  
 Stock type (e.g. sheep, horses) Describe operation (e.g. meat production, breeders, agistment). Intensive means conditions in which the cattle or stock are confined to an area smaller than that required for grazing under normal conditions and are usually fed by hand or by mechanical means

Specify each stock type & description of operation (e.g. sheep, cattle, feedlot meat production)	Average No of stock (Yr)	Intensive operation (Y/N)	Estimated annual quantity (kL) if known
		Total	

Aquaculture use:  
 Aquaculture type (e.g. yabbies, marron, fish etc).

Details of pond dimensions, holding facilities, evaporation, seepage and discharge must be supplied.

Aquaculture use – specify each type of operation	Plan of operation details attached (Y/N)	No of times ponds emptied per year	Estimated annual quantity (kL) if known
		Total	

Other water use:  
 Other water usages include firefighting, road verge watering, bottling, public water supply, road construction, ablutions, public open spaces, recreations reserves, non-mining dewatering.

Other water usage – specify individual usage	Usage area (ha)	Estimated annual quantity (kL) if known

Mining or industrial use:  
 Specify each water usage e.g. processing, dewatering, dust suppression, camp purposes, rehabilitation, care and maintenance.

Mining or industrial use - water usage	Estimated annual quantity (kL) if known	Salinity per use (TDS)

If dewatering, will water be discharged to the environment?

- No  
 Yes

Part 6: Third party resources

Do you have the resources (including financial) to undertake the proposed activities in relation to the licence?

Yes

No

If no, what steps are you taking to undertake the activities?

Please indicate timeframe:

Part 7: Third party location plan

In the adjacent box, please complete a sketch of the property including the following features;

- location of all wetlands/watercourses etc
- any major improvements (house, sheds etc)
- proposed and existing crop areas/areas of irrigation

For mining leases, please include a tenement map showing location within W.A. and MGA co-ordinates of drawpoints

Attached

## Important information

This application will not be accepted unless all required information in this form has been provided. Please use the attached checklists to ensure you have supplied all required documentation. This includes signatures of all persons named on the licence and all third parties named on the agreement.

## Checklist

### Part 1: Application and Licence Holder details

The licence holder's name and existing licence number must be provided.

### Part 2: Details of Third Party seeking approval to take water

Name of individual(s), company or water service provider must be indicated.

If a company/association, the ABN or ACN number and contact person must be supplied.

Postal address must be completed.

### Part 3: Third Party Property from which water is to be taken

Property or mining description details must be provided where water is to be taken.

### Part 4: Third Party Legal access

Must be completed by the third party in relation to the property under application. A copy of the contract of sale or lease, or the landholder's written approval must be provided with the application if the third party does not currently own the land.

### Part 5: Third Party details of water use

Details of non-commercial/commercial/mining or industrial/other water uses must be described as accurately as possible in relation to the existing and proposed water usage for third party on the property.

### Part 6: Transferee resources

At least one of the boxes in Part 6 must be ticked.

If the answer is 'No', outline the steps which are being taken to address this.

### Part 7: Location Plan

A detailed location plan as described on the form must be drawn in the box provided or attached.

For mining tenements, a map showing tenement numbers must be provided.

### Part 8: Payment made between the Third Party and Licence Holder

The amount paid for the agreement to take water must be provided inclusive of GST.

### Part 9: Licence Holder details of Water Use

Details of non-commercial/commercial/mining or industrial/other water uses must be described as accurately as possible in relation to the existing and proposed water usage for the licence holder on the property.

### Part 10: Other approvals

One of the boxes in Part 10 must be ticked

### Part 11: Signature or seal of Licence Holder and Third Party

The licence holder and the third party's name and signature, or the signature of a person duly authorised to act on behalf of the licence holder or third party, is mandatory.

OR

Common Seal or Company Seal accompanied by the signature of an authorised person.

### Part 12: Fees

Payment or evidence of payment must be included with the application.

## Where and how to submit this form
