PREAMBLE

This Local Planning Scheme of the City of Fremantle consists of this Scheme text and Scheme maps. The Scheme text should be read with the Fremantle Planning Strategy for the City.

Part 2 of the Scheme text sets out the local planning framework. At the core of this framework is the Fremantle Planning Strategy which sets out the long-term planning directions for Council, applies State and regional planning policies and provides the rationale for the zones, reservations and other provisions of the Scheme. In addition to the Fremantle Planning Strategy, the Framework provides for local planning policies and design guidelines, which set out the general and specific policies of Council on matters within the Scheme

The Scheme divides the municipality into zones to identify particular uses, and identifies land reserved for public purposes. Most importantly, the Scheme controls the types of uses and development allowed in different zones. There are particular controls included for heritage and special controls for local planning areas. The Scheme text also sets out the requirements for development approval, enforcement of the Scheme provisions and non-conforming uses.

PART 1 - PRELIMINARY

1.1 Citation

- 1.1.1** The City of Fremantle Local Planning Scheme No. 4 ('the Scheme') comes into operation on its Gazettal date
- 1.1.2** The following Scheme is revoked:
- a) Town Planning Scheme No. 3 - gazetted on 18 December 1987.

1.2 Responsible Authority

- 1.2.1** The City of Fremantle (the Council) is the responsible authority for implementing the Scheme.

1.3 Scheme Area

- 1.3.1** The Scheme applies to the Scheme area which covers all of the local government district of the City of Fremantle as shown on the Scheme map.

Note: The Scheme area is also subject to the Metropolitan Region Scheme (see clause 1.10)

1.4 Contents of Scheme

- 1.4.1** The Scheme comprises:
- a) the Scheme text, and
 - b) the Scheme map.
- 1.4.2** The Scheme is to be read in conjunction with the Fremantle Planning Strategy.

Note: The Scheme map comprises the whole of the district of the City of Fremantle including all the land and waterways.

1.5 Purposes of the Scheme

- 1.5.1** The purposes of the Scheme are to:
- a) set out the Council's planning aims and intentions for the Scheme area, including individual precincts,
 - b) set aside land as reserves for public purposes,
 - c) zone land within the Scheme area for the purposes defined in the Scheme,
 - d) control and guide land use and development,
 - e) set out procedures for the assessment and determination of planning applications,
 - f) make provision for the administration and enforcement of the Scheme,
 - g) address other matters contained in schedule 7 of the Planning and Development Act.
 - h) ensure that urban development can be adequately and efficiently serviced

- i) ensure that compatible land uses are achieved adjacent to or where specified, within Special Control Areas

1.6 The Aims of the Scheme

1.6.1 The aims of the Scheme are to:

- a) accommodate a diverse mix of people, cultures and lifestyles,
- b) ensure the community has access to an adequate range of services and facilities,
- c) provide greater housing choice to cater for a diverse and sustainable population,
- d) ensure development promotes a sense of community and encourages participation in community life,
- e) promote a safe and healthy environment,
- f) protect and conserve Fremantle's unique cultural heritage,
- g) ensure all development complements and contributes to the community's desired identity and character for Fremantle,
- h) develop diverse and attractive neighbourhood centres that provide a community focus for neighbourhood areas, *AMD 85 GG 12/11/2021*
- i) develop a diverse and attractive city centre that functions as a town centre and a regional centre,
- j) encourage the development of business and employment generating activities in appropriate locations,
- k) ensure urban form and development contribute to sustainability (environmental, social/cultural and economic),
- l) provide safe and accessible open spaces,
- m) promote management of regional traffic that contributes positively to the community and landscape and minimises the impact of regional traffic flows,
- n) integrate planning for land use and transport to achieve sustainable urban development,
- o) reduce reliance on, and the impact of, private motor vehicles,
- p) reduce the demand for, and balance the provision of parking, to ensure convenient access while promoting economic, environmental and social sustainability,
- q) encourage the use of public transport and promote Fremantle as a major public transport node,
- r) promote and enhance the pedestrian and cycling transport modes,
- s) ensure universal access to buildings, spaces, services and facilities for all people,
- t) facilitate and encourage effective public involvement in planning issues of significance to the character, amenity and environmental attributes of the City,

- u) recognise and preserve the traditional setting of existing dwellings including curtilage, garden areas and open space.
- v) promote the compatible use of land surrounding essential infrastructure.
- w) promote the use of water sensitive design principles.

Note: Derived from Fremantle Planning Strategy - goals

1.7 Definitions

1.7.1 Unless the context otherwise requires, words and expressions used in the Scheme have the same meanings as they have:

- a) in the Planning and Development Act, or
- b) if they are not defined in that Act:
 - (i) in schedule 1, or
 - (ii) in the R-Codes.

Note: Reference to the R-Codes and their application in respect of the Scheme are contained in clause 4.2.

1.7.2 If there is a conflict between the meanings of the word or expression in schedule 1 and the meaning of that word or expression in the R-Codes:

- a) in the case of a residential development, the definition in the R-Codes prevails, and
- b) in any other case the definition in schedule one prevails.

1.7.3 Words and expressions used in the Scheme but not defined in the model Scheme text, the Act, schedule 1 of the Scheme, elsewhere in the Scheme or in the R-Codes, shall have their normal and common meanings.

1.7.4 Headings of parts of this Scheme shall be used as an aid to construction of this Scheme but the table of contents, notes, headings of clauses, sub-clauses, local character statements contained in schedule 12 and paragraphs are intended for reference purposes only and do not form part of or affect the construction of this Scheme.

1.8 Relationship with Local Laws

1.8.1 Where a provision of the Scheme is inconsistent with a local law, the provision of the Scheme prevails to the extent of the inconsistency.

1.9 Relationship with other Schemes

1.9.1 There are no other Schemes of the City of Fremantle.

1.10 Relationship with the Metropolitan Region Scheme

1.10.1 The Scheme is complementary to the Metropolitan Region Scheme and the provisions of the Metropolitan Region Scheme continue to have effect.

Note: The authority responsible for implementing the Metropolitan Region Scheme is the Western Australian Planning Commission ('the Commission').

PART 2 - RESERVES

AMD 67 GG 25/10/16

2.1 Reserves

2.1.1 Certain lands within the Scheme area are classified as:

- a) Regional reserves, or
- b) Local reserves.

2.2 Regional Reserve

2.2.1 The lands shown as "Metropolitan Region Scheme reserves" on the Scheme map are lands reserved under the Metropolitan Region Scheme and are shown on the Scheme map in order to comply with the Planning and Development Act. These lands are not reserved under the Scheme.

2.2.2 The approval of the Council under the Scheme is not required for the commencement or carrying out of any use or development on a regional reserve.

Note: The provisions of the Metropolitan Region Scheme continue to apply to such Reserves and approval is required under the Metropolitan Region Scheme from the Commission for the commencement or carrying out of any use or development on a Regional Reserve unless specifically excluded by the Region Scheme.

2.3 Local Reserves

2.3.1 "Local reserves" are delineated and depicted on the Scheme map according to the legend on the Scheme map.

2.4 Objectives, Use and Development of Local Reserves

2.4.1 The objectives of the local reserves are:

- a) Open Space
To provide for recreational, community, beautification and conservation activities.
- b) Community Facilities
To provide for civic and community activities and facilities that are provided for the general community by public institutions and groups.
- c) Public Utilities
To provide for public infrastructure and services.

Note: The intent of the objectives are to outline the purpose of the reserve.

2.4.2 A person must not:

AMD 35 GG 05/04/11

- a) use a Local Reserve, or
- b) commence or carry out development on a Local Reserve.

without first having obtained development approval under the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2.

Note: This clause is to be read in conjunction with clause 60 and 61 of the Planning and Development (Local Planning Schemes) Regulations 2015, Schedule 2 under which certain development (including specified use) of local reserves is permitted and does not require the development approval of Council.

- 2.4.3** In determining an application for development approval the Council shall have due regard to:
- a) the matters set out in clause 67 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2, and
 - b) the ultimate purpose intended for the Reserve.
- 2.4.4** In the case of land reserved for the purposes of a public authority, the Council is to consult with that authority before determining an application for development approval.

PART 3 - ZONES AND THE USE OF LAND

AMD 67 GG 25/10/16

3.1 Zones

- 3.1.1** The Scheme area is classified into the zones shown on the Scheme map.
- 3.1.2** The zones are delineated and depicted on the Scheme map according to the legend on the Scheme map.

3.2 Objectives of the Zones

- 3.2.1** The objectives of the zones are:

a) Residential zone

Development within the residential zone shall:

- (i) provide for residential uses at a range of densities with a variety of housing forms to meet the needs of different household types, while recognising the limitations on development necessary to protect local character,
- (ii) safeguard and enhance the amenity of residential areas and ensure that development, including alterations and additions, are sympathetic with the character of the area,
- (iii) encourage high standards of innovative housing design which recognise the need for privacy, energy efficient design and bulk and scale compatible with adjoining sites,
- (iv) recognise the importance of traditional streetscape elements to existing and new development,
- (v) conserve and enhance places of heritage significance the subject of or affected by the development, and
- (vi) safeguard and enhance the amenity of residential areas by ensuring that land use is compatible with the character of the area.

Note: All zone objectives should be read in conjunction with individual LPA objectives in schedule 7 and Scheme aims in section 1.6

b) City centre zone

Development within the city centre zone shall:

- (i) provide for a full range of shopping, office, administrative, social, recreation, entertainment and community services, consistent with the region-serving role of the centre and including residential uses, and
- (ii) comply with the objectives of local planning area 1 of schedule 7.
- (iii) conserve places of heritage significance the subject of or affected by development.

c) Neighbourhood centre zone
AMD 85 GG 12/11/2021

Development within the neighbourhood centre zone shall:

- (i) provide for weekly and convenience retailing including small-scale shops, showrooms, cafes, restaurants, consulting rooms, entertainment, residential (at upper levels), recreation, open spaces, local offices, cottage industry, health, welfare and community facilities which serve the local community, consistent with the local – serving role of the centre,
- (ii) encourage the provision of suitable and accessible services to residents of the locality,
- (iii) ensure that development is not detrimental to the amenity of adjoining owners or residential properties, and

Note objective (iii) derived from Part 4.1, A 5.4 of Fremantle Planning Strategy.

- (iv) conserve places of heritage significance the subject of or affected by the development.

d) Local centre zone:
AMD 85 GG 12/11/2021

Development within the local centre zone shall:

- i) provide for the daily and convenience retailing, shops, café, office, administration and residential uses (at upper levels or where proposed as part of a mixed use development) which serve the local community and are located within and compatible with residential areas,
AMD 17 GG 3/3/09
- ii) ensure that development is not detrimental to the amenity of adjoining owners or residential properties in the locality, and
- iii) conserve places of heritage significance the subject of or affected by the development.

Note objective (iii) derived from Part 4.2, B1.1 of Fremantle Planning Strategy.

e) Mixed use zone
AMD 54 GG 22/5/15

Development within the mixed use zone shall:

- (i) provide for a mix of compatible land uses including light, service and cottage industry, wholesaling, trade and professional services, entertainment, recreation and retailing of goods and services in small scale premises, including showrooms, where the uses would not be detrimental to the viability of retail activity and other functions of the City Centre, Local Centre and Neighbourhood Centre zones;
- (ii) provide for residential at upper level, and also at ground level providing the residential component is designed to contribute positively to an active public domain;
- (iii) ensure future development within each of the mixed used zones is sympathetic with the desired future character of each area,

- (iv) ensure that development is not detrimental to the amenity of adjoining owners or residential properties in the locality, and
- (v) conserve places of heritage significance the subject of or affected by the development.

Note objective (iv) derived from Part 4.2, B1.1 of Fremantle Planning Strategy.

f) Commercial zone

Development within the commercial zone shall:

- i) provide for the development of offices and associated commercial and larger scale uses, including showrooms, and warehouses and uses requiring outdoor displays,
- ii) ensure that development is not detrimental to the amenity of adjoining owners or residential properties in the locality, and
- iii) to conserve places of heritage significance the subject of or affected by the development.

Note objective (ii) derived from Part 4.1, A5.4 Fremantle Planning Strategy.

g) Industrial zone

Development within the industrial zone shall:

- i) provide for manufacturing, processing and fabrication industry, the storage and distribution of goods and associated uses, service industry, utilities and communication, ancillary retail which by the nature of their operations should be separated from residential areas, and
- ii) ensure that development contributes to a high standard amenity and design as well as compatibility with adjacent residential areas.

h) Development zone

The purpose of the Development Zone is to provide for future residential, industrial, commercial or other uses in accordance with a comprehensive structure plan or local development plan prepared in accordance with the provisions of the Scheme.

i) Special use zone

The purpose of the Special Use Zone is to provide for uses which have unique development requirements that cannot be easily accommodated by the objectives of any of the other zones included in the Scheme.

3.2.2 The above zoning objectives shall be read in association with the relevant local planning area objectives cited in schedule 7.

3.3 Zoning Table

3.3.1 The zoning Table at Table 1 indicates, subject to the provisions of the Scheme, the uses permitted in the Scheme area in the various zones.

3.3.2 The permissibility of any uses is determined by cross reference between the list of use classes on the left-hand side of the Zoning Table and the list of zones at the top of the Zoning Table.

3.3.3 The symbols used in the cross reference in the zoning table have the following meanings:

'P' means that the use is permitted by the Scheme providing the use complies with the relevant development standards and requirements of the scheme,

'D' means that the use is not permitted unless the Council has exercised its discretion by granting development approval,

'A' means that the use is not permitted unless the Council has exercised its discretion and has granted development approval after giving special notice in accordance with clause 64 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2, and

'X' means a use that is not permitted by the Scheme.

Note: 1. *The development approval of the Council is required for the development of land in addition to any approval granted for the use of land. In normal circumstances one application is made for both the use and development of land.*

2. *The Council will not refuse a 'P' use because of the unsuitability of the use for the zone but may impose conditions on the use of the land to comply with any relevant development standards or requirements of the Scheme, and may refuse or impose conditions on any development of the land.*

3. *In considering a 'D' or 'A' use, the Council will have regard to the matters set out in clause 67 of the Planning and Development (Local Planning Schemes) Regulations 2015, Schedule 2.*

4. *The Council must refuse to approve any 'X' use of land. Approval to an 'X' use may only proceed by way of an amendment to the Scheme.*

3.3.4 A change in the use of land from one use class to another is permitted if:

a) the Council has exercised its discretion by granting development approval,

b) the change is to a use class which is designated with the symbol 'P' in the cross reference to that zone or local reserve in the zoning table and the proposed use complies with all the relevant development standards and any requirements of the Scheme or conditions of approval to which the previous use was subject,

c) the change is an extension of a use within the boundary of the lot which does not change the predominant use of the lot, and the proposed use complies with all the relevant development standards and any requirements of the Scheme or conditions of approval to which the development is subject, or

- d) the change is to an incidental use that does not change the predominant use of the land, and the proposed use complies with all the relevant development standards and any requirements of the Scheme or conditions of approval to which the previous use was subject.

3.4 Interpretation of the Zoning Table

- 3.4.1** Where a specific use is mentioned in the zoning table, it is deemed to be excluded from the general terms used to describe any other use.
- 3.4.2** If a person proposes to carry out any use that is not specifically mentioned in the zoning table and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category the Council may:
 - a) determine that the use is consistent with the objectives of the particular zone and is therefore permitted,
 - b) determine that the use may be consistent with the objectives of the zone and thereafter follow the advertising procedures of clause 64 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, in considering an application for development approval, or
 - c) determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted.
- 3.4.3** Unless otherwise exempted, a use includes all ancillary activities normally necessary to the proper functioning of the predominant use.

3.5 Additional Uses

- 3.5.1** Despite anything contained in the zoning table, the land specified in schedule 2 may be used for the specific use or uses that are listed in addition to any uses permissible in the zone in which the land is situated subject to the conditions set out in schedule 2 with respect to that land.

Note: An Additional Use is a land use that is permitted on a specific portion of land in addition to the uses already permissible in the zone that applies to the land.

3.6 Restricted Uses

- 3.6.1** Despite anything contained in the zoning Table, the land specified in schedule 3 may only be used for the specific use or uses that are listed and subject to the conditions set out in schedule 3 with respect to that land.

Note: A Restricted Use is the only use or uses that are permitted on a specific portion of land and other uses that would otherwise be permissible in the zone are not permitted.

3.7 Special Use Zones

- 3.7.1** Special use zones are set out in Schedule 4 and are in addition to the zones in the Zoning Table.
- 3.7.2** A person must not use any land, or any structure or buildings on land, in a special use zone except for the purpose set out against that land in schedule 4 and subject to compliance with any conditions set out in schedule 4 with respect to that land.

Note: Special Use Zones apply to special categories of land use which do not comfortably sit within any other zone in the Scheme.

3.8 Non-Conforming Uses

3.8.1 Except as otherwise provided in the Scheme, no provision of the Scheme is to be taken to prevent -

- a) the continued use of any land for the purpose for which it was being lawfully used immediately prior to the gazettal date,
- b) the carrying out of any development on that land for which, immediately prior to the gazettal date, an approval or approvals, lawfully required to authorise the development to be carried out, were duly obtained and are current, or
- c) subject to clause 80 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2, the continued display of advertisements which were lawfully erected, placed or displayed prior to the gazettal date. *AMD 67 GG 25/10/16*

Note: "Land" has the same meaning as in the Planning and Development Act 2005 and includes houses, buildings and other works and structures.

Note: The definition of "non-conforming use" and "gazettal date" are contained in Schedule 1.

3.9 Extensions and Changes to a Non-Conforming Use

3.9.1 A person must not:

- a) alter or extend a non-conforming use,
- b) erect, alter or extend a building used in conjunction with or in furtherance of a non-conforming use, or
- c) change the use of land from a non-conforming use to another non-conforming use,

without first having applied for and obtained development approval under the Scheme.

3.9.2 An application for development approval under this clause is to be advertised in accordance with clause 64 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2. *AMD 67 GG 25/10/16*

3.9.3 Where an application is for a change of use from an existing non-conforming use to another use, the Council shall not grant its development approval unless the proposed use is less detrimental to the amenity of the locality than the existing non-conforming use and is, in the opinion of the Council, closer to the intended purpose of the zone.

3.10 Discontinuance of Non-Conforming Use

3.10.1 Where a non-conforming use of any land or buildings has been discontinued for a period of six months such land or buildings shall not thereafter be used otherwise than in conformity with the provisions of the Scheme.

3.11 Termination of a Non-Conforming Use

3.11.1 The Council may affect the discontinuance of a non-conforming use by the purchase of the land and buildings, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that land and may enter into an agreement with the owner for that purpose.

Note: Sections 190 and 191 of the Planning and Development Act 2005 enable the Council to purchase or, with the consent of the Governor, take compulsorily land for the purpose of a local planning Scheme, subject to Part 9 of the Land Administration Act 1997.

AMD 35 GG 05/04/11

3.12 Destruction of Non-Conforming Use Buildings

- 3.12.1** If a building used for a non-conforming use is destroyed to 75% or more of its value, the buildings shall not be repaired or rebuilt, altered or added to for the purpose of being used for a non-conforming use or in a manner not permitted by the Scheme, except with the development approval of the Council.

NOTE 1: Development and use of land is to be in accordance with schedule 4.

NOTE 2: Development and use of land is to be in accordance with an approved structure plan or local development plan prepared and adopted under parts 4 and 6 of the Planning and Development (Local Planning Schemes) Regulations 2015, Schedule 2. See also Schedule 6 in Part 6 for interim and additional requirements and also Schedule 9 for Development Plan requirements.

PART 4 - GENERAL DEVELOPMENT REQUIREMENTS

AMD 67 GG 25/10/16

4.1 Compliance with Development Standards and Requirements

- 4.1.1 Any development of land is to comply with the provisions of the Scheme.
- 4.1.2 In addition to the requirements of sub-clause 4.1.1, due regard is to be given to any relevant local planning policies, including design guidelines, which have effect in the Scheme area.

4.2 Residential DESIGN Codes

- 4.2.1 A copy of the R-Codes shall be kept and made available for public inspection at the offices of the Council.
- 4.2.2 Unless otherwise provided for in the Scheme, the development of land for any of the residential purposes dealt with by the R-Codes is to conform to the provisions of those Codes.
- 4.2.3 The R-Codes density applicable to land within the Scheme area shall be determined by reference to the R-Codes density number on the Scheme map and the area contained thereto as delineated by the dashed black line borders superimposed on the Scheme map.
- 4.2.4 Except in the Residential Development zone, where there is no R-Codes density applicable to land within the Scheme area, the R-AC3 provisions of the R-Codes shall be applied as relevant. *AMD 35 GG 05/04/11; AMD 54 GG 22/5/15*
- 4.2.5 Notwithstanding the requirements of clause 4.2.3 residential density in the Local Centre, Neighbourhood Centre and Mixed-Use zones may be increased up to R60, where residential development is part of a mixed use development, where, in the opinion of Council the proposal is not detrimental to the amenity of the area. *AMD 27 GG 28/5/10*

4.3 Special Application of R-Codes

4.3.1 Relationship to Schedule 7 (Local Planning Areas)

Where there is inconsistency between the R-Codes and provisions contained in Schedule 7 (local planning areas) the provisions of Schedule 7 shall prevail to the extent of the inconsistency.

4.3.2 Dwelling on any Lot

Despite the provisions of the R-Codes, including those provisions with regard to the minimum site area per dwelling, the Council may grant consent to the development of a dwelling on any lot in the Residential zone.

4.3.3 Provisions relating to Areas subject to Local Area Policies

4.3.3.1 Notwithstanding the provisions of the R-Codes, in a Local Area Policy Area in order to maintain amenity, traditional built forms or streetscapes, Council may exercise its discretion to:

- (a) vary the required minimum distance between buildings in different occupancies on the same lot, where in the interests of maintaining amenity, traditional built forms or streetscapes, the Council is satisfied that such a variation is desirable.

- (b) vary the open space requirement within a heritage area where, in the opinion of Council, one or more of the following circumstances apply:
 - (i) the subject lot is below 400 square metres in area,
 - (ii) the open space requirements would prevent a reasonable extension of an existing building,
 - (iii) the proposed development has been designed to reflect and reinforce the building style of the immediate vicinity, or
 - (iv) where, in a particular case, the interests of visual amenity would be better served by permitting a variation.
- (c) vary the setback provisions.

4.3.3.2 In a Local Area Policy Area the discretion available to applicants under the provision of Clause 5.2.3 of the R-Codes to average setbacks and to enable front setback reductions for garages and carports, do not apply.

AMD 35 GG 05/04/11; AMD 79 GG 08/01/2021

4.3.4 Split Density Codes

AMD 35 GG 05/04/11

Where a site is identified as having a split density coding and is connected to reticulated sewerage, the higher code may only be applied where one or more of the following specific requirements are addressed to the satisfaction of Council:

- a) a building of cultural heritage significance is retained on the lot,
- b) provision of 'low income housing',
- c) buildings designed in accordance with Council's energy efficiency and sustainability schedule, and
- d) removal of a non-conforming use.

In all other circumstances, the lower of the two Codes prevails.

4.3.5 Small Secondary Dwellings

AMD 46 GG 06/12/11; AMD 79 GG 08/01/2021

Any small secondary dwelling approved, constructed or substantially commenced before the date on which the provisions of the scheme referring to small secondary dwellings cease operation shall thereafter be subject to clauses 3.8 to 3.12.

Note: As of 6 December 2016, Clause 4.3.5 applies and the Small Secondary Dwelling provisions have been deleted from the Scheme. AMD 79 GG 08/01/2021

4.4 Residential Development

4.4.1 Subdivision

AMD 46 GG 06/12/11; AMD 79 GG 08/01/2021

Council will not support the creation of –

- a) freehold or survey strata lots with an area per dwelling less than that prescribed under Table 1 of the R-Codes unless otherwise permitted by this Scheme; or

4.4.2 Residential Development in Zones Other than the Residential Zone

Where residential development is proposed in non-residential zones, except as provided for in the Scheme the development shall conform with the R-Codes including variations allowed for in the Codes and the general development requirements as outlined in Schedule 7 for that particular zone and any variation thereto.

4.4.3 Home Occupation, Home Business.

Application: -

- a) No person shall commence a home occupation or home business without first having applied for and received the development approval of the Council.
- b) A home occupation or home business approval is issued to the owner of the land and is not transferable.
- c) On the sale of the property or change in ownership of the land subject of the home occupation or home business entitlement to this use ceases.

4.4.4 Sewer Connection

4.4.4.1 Subject to clause 4.4.4.2, all residential development shall be connected to a comprehensive sewerage system. *AMD 9 GG 3/3/09*

4.4.4.2 Where no such system is available, no residential development other than the erection of a single house shall be approved unless:

- a) in consultation with the Water Corporation, the Corporation recommends to the Council that there are exceptional circumstances which warrant a variation of the requirements in clause 4.4.4.1 or, *AMD 54 GG 22/5/15*
- b) immediately prior to the gazettal date the land in respect of which approval is sought is used for the purpose of two or more dwellings,
- d) the development conforms with the Government Sewerage Policy for the Perth Metropolitan Region or any subsequent equivalent State Government policy or amendments to that policy.

4.4.5 In development comprising of ten or more Multiple Dwellings, a minimum of 25 per cent of the total number of dwellings must have a maximum floor area of 60 square metres or less and no more than 40 per cent of the total number of dwellings may have a floor area of 120 square metres or more. *AMD 49 GG 18/1/13*

4.4.6 Additional Dwelling

4.4.6.1 Notwithstanding the site area requirements of the R-Codes, Council may approve the development of one additional dwelling on a Residential zoned single house lot where:

- (a) the lot is not a corner lot but has two or more separate frontages to dedicated and constructed local roads; and
- (b) each dwelling face and obtains access from a separate dedicated and constructed local road.

4.4.6.2 Any proposed development as referred to in clause 4.4.6.1 shall be assessed against all other applicable grouped dwelling development standards and requirements for the site as specified in the Scheme and state and/or local planning policies. This includes requirements linked to the density coding of the lot. In the case of a lot subject to a split density coding, the development standards and requirements associated with the lowest density coding will be applied in the assessment of the proposed development.

4.4.6.3 Clause 4.4.6.1 only applies to the development of grouped dwellings and does not apply to the subdivision of vacant land parcels.

4.5 Mixed Use Development

4.5.1 Where mixed use development is proposed, the provisions of Volumes 1 and 2 of the R-Codes will apply.

AMD 27 GG 28/5/10; AMD 54 GG 22/05/15; AMD 79 GG 08/01/2021

4.6 Commercial and Industrial Development

4.6.1 Building Requirements

All development shall comply with the building requirements as outlined in schedule 7 (local planning areas).

4.7 Vehicle Parking - All Use Classes

4.7.1 a) Subject to clause 4.7.2, a person shall not use land for a purpose specified in Table 2 unless car parking spaces, delivery bays and bicycle racks of the number specified in Table 2 are provided and sealed, drained and marked to the Council's specifications prior to occupancy of development or commencement of a use and maintained to the satisfaction of Council thereafter.

AMD 55 GG 1/8/14

b) Where the floor area occupied by an existing use is increased, the parking requirement will be calculated on the basis of the floor area of the extension only or the area subject to the change of use of the site provided the existing number of car spaces is not reduced.

c) Where vehicle parking provisions are not prescribed for a particular use the requirement will be determined by the Council.

d) Bicycle parking facilities are to be provided in accordance with the following standards:

AMD 55 GG 1/8/14

- Class 1 - High security level - Fully enclosed individual locker;
- Class 2 - Medium security level - Lockable compound fitted with Class 3 facilities with communal access using duplicate keys;
- Class 3 - Low security level - Rails or racks to which both the bicycle frame and wheels can be locked.

For more information refer to 'Austroads Cycling Aspect to Austroads Guides'.

Note requirement for sealing and draining of bays prior to occupancy.

4.7.2 Vehicle Parking Requirements

The following vehicle parking requirements shall apply to the following use classes:

4.7.3 Relaxation of Parking Requirements

4.7.3.1 Council may:

(a) Subject to the requirements of Schedule 7, waive or reduce the standard parking requirement specified in Table 2 subject to the applicant satisfactorily justifying a reduction due to one or more of the following:

(i) the availability of car parking in the locality including street parking,

(ii) the availability of public transport in the locality,

(iii) any reduction in car parking demand due to the sharing of car spaces by multiple uses, either because of variation of car parking demand over time or because of efficiencies gained from the consolidation of shared car parking spaces,

(iv) any car parking deficiency or surplus associated with the existing use of the land,

(v) legal arrangements have been made in accordance with clause 4.7.5 for the parking or shared use of parking areas which are in the opinion of the Council satisfactory, AMD 35 GG 05/04/11

(vi) any credit which should be allowed for a car parking demand deemed to have been provided in association with a use that existed before the change of parking requirement,

(vii) the proposal involves the restoration of a heritage building or retention of a tree or trees worthy of preservation,

(viii) any other relevant considerations.

*Note: *In some sub areas identified in Schedule 7 reduction of parking bays is not permitted. The requirements of Schedule 7 prevail over this clause.*

(b) Council may require an applicant to submit a report completed by a suitably qualified person or persons justifying any of the points cited above.

Note: Provides greater flexibility to vary car-parking requirements based upon alternative transport opportunities

4.7.3.2 Excluding development within the Residential zone, Council may waive car parking requirements for residential development under clause 4.7.3 in cases where the development is expressly designed and marketed as a zero-parking development that incorporates such elements as the following – AMD 49 GG 18/1/13

(a) provision of parking site for bicycles / scooters;

- (b) operation of a formal shared vehicle ownership scheme amongst the residents.

In any cases where such development is granted development approval the Council may require, as a condition of development approval, provision to be made to include notification on the property title(s) that owners and/or occupiers will not be entitled to on-street residential parking permits.

- 4.7.3.3 Council may waive the class 1 or 2 bicycle rack requirements of Table 2, where, in the opinion of the Council, the development application is for a minor change of use. *AMD 55 GG 1/8/14*

- 4.7.3.4 Council may waive the class 3 bicycle rack requirements of Table 2, where:
 - (a) the provision of such bicycle racks would be incompatible with the overall design of the development; and
 - (b) the required number of class 3 racks to be provided can adequately be provided on public land in the immediate vicinity of the development; and
 - (c) a cash contribution, equivalent to the cost of installation of the required class 3 bicycle racks is negotiated and made to the City of Fremantle for provision of bicycle racks in the immediate vicinity of the development. *AMD 55 GG 1/8/14*

4.7.4 Cash Payment In lieu of Providing Car Parking Spaces

The Council may require a cash payment in lieu of the provision of paved car parking spaces, subject to:

- a) a cash-in-lieu payment shall be not less than the estimated cost to the owner of providing and constructing the car parking spaces required by the Scheme including variations thereto.
- b) the Council having adopted a local planning policy pursuant to Part 2 Division 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2, detailing the costs for the provision of car parking in that local planning area and detailing the purposes to which the funds are to be allocated, *AMD 54 GG 22/05/15*
- c) payments under this clause shall be paid into a special fund to be used to provide public car parking stations within the locality from which it was collected or for the provision of transport infrastructure (which includes, but is not limited to, infrastructure for cyclists, pedestrians and public transport users) in accordance with a Local Planning Policy adopted under Part 2 Division 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2, as a Transport Infrastructure Strategy.

Note: Modification of clauses related to cash in lieu of parking. Clear linkage to Transport and Infrastructure Study.

4.7.5 Joint Use of Car Parking Facilities

- a) Car parking facilities may be provided jointly by two or more owners or users of land or by one owner or user in respect of separate buildings or uses, subject to the satisfaction of the standards and requirements hereinafter set out in this clause.
- b) If there is a deficiency in the number of car parking spaces provided to serve any building or use, the Council may permit the car parking spaces for that

building or use to be provided jointly with any one or more other buildings or uses whether or not those others separately have the prescribed number of car parking spaces provided that the peak hours of operation of the buildings or uses so sharing are different and do not substantially overlap.

AMD 9 GG 3/3/09

- c) The Council shall require that enduring reciprocal access and circulation arrangements are provided for any buildings or uses affected by this clause when, in the opinion of the Council, such arrangements are deemed necessary to improve design, functionality or amenity.
- d) The following requirements shall be complied with by any person seeking to comply with the provisions of this clause:
 - (i) evidence shall be provided sufficient to satisfy the Council that no substantial conflict will exist in the peak hours of operation of the buildings or uses for which the joint use of car parking spaces or the reciprocal access and circulation arrangements is proposed, and
 - (ii) the number of car parking spaces which may be credited from one building or use to another building or use, shall not exceed the number of spaces reasonably anticipated to be in excess of the requirement of the second building or use during its peak hours of operation.

Note: Aim of section to provide greater flexibility in terms of car parking provision

4.7.6 Design and Layout of Parking Areas

Council shall have regard to all of the following in the location, design and construction of parking areas and associated access areas:

- a) layout and access lanes consistent with the Australian Standard for parking facilities & off-street car parking,
- b) the protection and enhancement of the streetscape including street trees,
- c) the provision of landscaping for screening and shade,
- d) the design and construction standards proposed for paving, drainage, line marking, signage, lighting and other relevant matters,
- e) the provision for pedestrian movement within and around the parking area,
- f) the measures proposed to enhance the security of people using the parking area,
- g) the provision of parking facilities for cyclists and the disabled,
- h) end of trip facilities for cyclists, and
- i) the ease and safety with which vehicles gain access to the site and circulate within the parking area.

AMD 54 GG 22/05/15

Note: Reference to Australian standard in Scheme re layout and design.

4.8 Variations to site and development standards and requirements

4.8.1 Variation to height requirements

4.8.1.1 Where sites contain or are adjacent to buildings that depict a height greater than that specified in the general or specific requirements in Schedule 7, Council may vary the maximum height requirements subject to being satisfied in relation to all of the following:

- (a) the variation would not be detrimental to the amenity of adjoining properties or the locality generally,
- (b) degree to which the proposed height of external walls effectively graduates the scale between buildings of varying heights within the locality,
- (c) conservation of the cultural heritage values of buildings on-site and adjoining, and
- (d) any other relevant matter outlined in Council's local planning policies.

4.8.1.2 Where there is a variation in ground level over a development footprint of greater than one metre, Council may increase the specific height requirements of Schedule 7 subject to –

- (a) No portion of external wall of the building exceeding the maximum external wall height requirement of Schedule 7 by greater than 0.5 metres, and
- (b) No portion of external wall of the building that exceeds the maximum external wall height requirement of Schedule 7 being situated on the higher side of the development footprint as measured from natural ground level.

4.8.1.3 Excluding development within the Residential zone, Council may permit a minor projection above the highest part of a development, subject to the development satisfying both of the following criteria – *AMD 49 GG 18/1/13*

- (a) The minor projection being no more than 4 metres above the highest part of the main building structure; and
- (b) the cumulative area of the minor projection being no more than 10 per cent of the total roof area of the building.

For the purpose of this clause, 'minor projection' will be interpreted as including plant and equipment such as air conditioning units, lift overrun rooms, flagpoles, aerials and decorative architectural features, but not rooms or other facilities intended for regular human use such as rooftop decks or swimming pools.

4.8.2 Variation to Other Requirements

AMD 2 GG 18/3/08

4.8.2.1 The Council may vary other requirements of the Scheme subject to being satisfied in relation to all of the following:

- (a) the variation would not be detrimental to the amenity of adjoining properties or the locality generally,
- (b) conservation of the cultural heritage values of buildings on-site and adjoining, and

(c) any other relevant matter outlined in Council's local planning policies.

4.8.2.2 The powers conferred by clauses 4.8.1, 4.8.2.1 and clause 12 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2, do not apply to vary the requirements of any land use definition in Schedule 1 - Dictionary of Defined Words and Expressions. AMD 67 GG 25/10/16

4.8.3 In considering an application for development approval under this clause, where, in the opinion of Council, the variation is likely to affect any owners or occupiers in the general locality or adjoining the site that is the subject of consideration for the variation, the Council shall:

- a) consult the affected parties by following one or more of the provisions for advertising applications under clause 64 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2, and AMD 67 GG 25/10/16
- b) have regard to any expressed views prior to making its determination to grant the variation.

4.8.4 The power conferred by clauses 4.8.1 and 4.8.2 may only be exercised if the Council is satisfied that:

- a) approval of the proposed development would be appropriate having regard to the criteria set out in clause 67 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2, and AMD 67 GG 25/10/16
- b) the non-compliance will not have an adverse effect upon the occupiers or users of the development, the inhabitants of the locality or the likely future development of the locality.

4.9 NON-RESIDENTIAL Development in the Residential zone

4.9.1 Non-residential development, where permitted in the Residential zone shall comply with the requirements of the R-Codes or where relevant the development requirements for the Local Planning Area as outlined in Schedule 7 and any variations thereto.

4.10 Restrictive Covenants

4.10.1 Subject to clause 4.10.2, a restrictive covenant affecting any land in the Scheme area by which, or the effect of which, is that the number of residential units which may be constructed on the land is limited or restricted to less than that permitted by the Scheme, is extinguished or varied to the extent that it is inconsistent with the provisions of the R-Codes which apply under the Scheme.

4.10.2 Where clause 4.10.1 operates to extinguish or vary a restrictive covenant the Council shall not grant development approval to the development of the land which would, but for the operation of clause 4.10.1, have been prohibited unless the application has been dealt with as an 'A' use and has complied with all of the advertising requirements of clause 64 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2. AMD 67 GG 25/10/16

4.10.3 Where the Council has applied or imposed any restrictive covenant whereby the land affected thereby shall not be used for any purposes other than industrial purposes, and the materials used in the construction and erection of any building on such land is restricted, and the erection of any building on such land is subject to setback requirements, such covenant is hereby extinguished.

4.11 Environmental Conditions

4.11.1 Environmental conditions to which the Scheme is, or amendments to the Scheme are, subject are incorporated into the Scheme by Schedule 5 of the Scheme.

4.11.2 Where appropriate, the environmental conditions are indicated on the Scheme Map by the symbol EC to indicate that environmental conditions apply to that land.

4.11.3 The Council is to:

- a) maintain a register of all relevant statements published under sections 48F and 48G of the Environmental Protection Act; and
- b) make the statements available for public inspection at the offices of the Council.

Note: Environmental conditions are those required to be incorporated into a Scheme or an amendment to a Scheme following assessment under the Environmental Protection Act 1986.

4.12 Licensed Premises

AMD 16 GG 6/2/09

4.12.1 Any variation to conditions relating to opening hours for licensed premises may require the Council to issue a Section 40 Certificate under the *Liquor Control Act 1988*.

4.12.2 Unless reduced hours are imposed by the Liquor Licensing Division, trading hours of premises licensed pursuant to the *Liquor Control Act 1988*, shall conform to any conditions on operating hours the Council may impose on a development approval.

4.13 Telecommunications Infrastructure

4.13.1 Council shall not approve, or in the case of low impact facilities support, telecommunications infrastructure unless an applicant can satisfactorily demonstrate to Council that the facility would not be detrimental to the character or amenity of the area.

4.14 Demolition of Buildings and Structure

AMD 26 GG 12/3/10

4.14.1 Council will only grant development approval for the demolition of a building or structure where it is satisfied that the building or structure:

- a) has limited or no cultural heritage significance, and
- b) does not make significant contribution to the broader cultural heritage significance and character of the locality in which it is located.

4.14.2 In considering an application under 4.14.1, council shall have regard to any heritage assessment required under Clause 11 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2. AMD 67 GG 25/10/16

Note 1: Clause 61 of the Planning and Development (Local Planning Schemes) Regulations 2015, Schedule 2 and Schedule A exempt's demolition of certain buildings and structures from the need to obtain development approval.

4.15 End of Trip Facilities

AMD 55 GG 1/8/14

4.15.1 Any new commercial use class development shall include shower and change facilities for employees in accordance with the following Table 3 - Shower facilities.

TABLE 3 - SHOWER FACILITES

AMD 55 GG 1/8/14

No. of bicycle racks required	Ratio of number of showers required to the number of bicycle racks required
Up to the first 10 bicycle racks required	One male and one female shower (or 2 unisex) required for every 10* Class 1 or 2 bicycle racks required

* Calculations rounded up to the nearest 10

** Calculations rounded up to the nearest 20

4.15.2 For every class 1 or 2 bicycle racks required in Table 2 one locker shall be provided within the development in a location that is easily accessible to the shower facilities required under clause 4.15.1, where required.

AMD 55 GG 1/8/14

PART 5 - SPECIAL CONTROL AREAS

AMD 67 GG 25/10/16

5.1 Operation of Special Control Areas

5.1.1 The following special control areas are shown on the Scheme map:

- (a) development areas shown on the Scheme Map as "DA" with a number and included in Schedule 6, *AMD 67 GG 25/10/16*
- (b) local planning areas shown on the Scheme map as "LPA" with a number and included in Schedule 7, *AMD 67 GG 25/10/16*
- (c) Development Contribution Areas shown on the Scheme map as DCA with a number and included in Schedule 10, *AMD 8 GG 3/3/09; AMD 67 GG 25/10/16*
- (d) Fremantle port buffer shown in Schedule 8, and notated on the Scheme Map, and *AMD 8 GG 3/3/09; AMD 67 GG 25/10/16*
- (e) the area designated "special control area" on the perimeter of the O'Connor Industrial Interface Area, *AMD 8 GG 3/3/09*
- (f) the development plan areas shown on the Scheme map as "DP" with a number and included in Schedule 9, *AMD 54 GG 22/5/15; AMD 67 GG 25/10/16*
- (g) Special Control Area provisions for small infill development as designated on the scheme map as 'SCA 5.7'. *AMD 63 GG 12/02/19*

Note: To enable referral of DAs and other relevant matters to the Fremantle Ports for comment.

5.1.2 In respect of a special control area shown on a Scheme Map, the provisions applying to the special control area apply in addition to the provisions applying to any underlying zone or reserve and any general provisions of the Scheme.

5.2 Development areas

AMD 8 GG 3/3/09; AMD 67 GG 25/10/16

Development Areas

5.2.1 Purpose of Development Areas

5.2.1.1 The purposes of Development Areas are to:

- (a) identify areas requiring comprehensive planning; and
- (b) coordinate subdivision and development in areas requiring comprehensive planning.

5.2.1.2 Schedule 6 describes the Development Areas in detail and sets out the specific purposes and requirements that apply to the Development Areas.

5.3 Development Contribution Areas

AMD 8 GG 3/3/09; AMD 67 GG 25/10/16

5.3.1 Development Contribution Areas shown on the Scheme Map as DCA with a number and included in Schedule 10.

5.3.2 In respect of a Development Contribution Area shown on a Scheme Map, the provisions applying to the development control area apply in addition to the provisions applying to any underlying zone or reserve and any general provisions of the Scheme.

5.3.3 Interpretation

In clause 5.3, unless the context otherwise requires:

‘Administrative Costs’ means such costs as are necessary for the implementation of the Development Contribution Plan;

‘Cost Apportionment Schedule’ means a schedule prepared and distributed in accordance with clause 5.3.12;

‘Cost Contribution’ means the contribution to the cost of Infrastructure and Administrative Costs;

‘Infrastructure’ means services and facilities which, in accordance with the Commission’s policy, it is reasonable for Owners to contribute towards; and

‘Owner’ means an owner of land that is located within a Development Contribution Area.

5.3.4 Purpose

The purpose of having Development Contribution Areas is to:

- a) provide for the equitable sharing of the costs of Infrastructure and Administrative Costs between Owners;
- b) ensure that Cost Contributions are reasonably required as a result of the subdivision and development of land in the Development Contribution Area; and
- c) coordinate the timely provision of Infrastructure.

5.3.5 Development Contribution Plan required

A Development Contribution Plan is required to be prepared for each Development Contribution Area

5.3.6 Development Contribution Plan part of scheme

The Development Contribution Plan does not have effect until it has been incorporated in Schedule 10 as part of the Scheme. *AMD 67 GG 25/10/16*

5.3.7 Subdivision and Development

5.3.7.1 The local government is not to:

- (a) consider recommending subdivision; or
- (b) approve development of land within a Development Contribution Area until:
- (c) a Development Contribution Plan is in effect; or
- (d) the Owner who has applied for subdivision or development approval has made arrangements in accordance with clause 5.3.16 for the payment of the Owner's Cost Contribution.

5.3.7.2 Where a Development Contribution Plan is not in effect, the local government may support subdivision or approve development where the Owner has made other arrangements satisfactory to the local government with respect to the Owner's contribution towards the provision of Infrastructure and Administrative Costs in the Development Contribution Area.

5.3.8 Guiding Principles for Development Contribution Plans

The Development Contribution Plan for any Development Contribution Area is to be prepared in accordance with the following principles:

- a) it is to provide for Cost Contributions to only the cost of such Infrastructure and Administrative Costs as fairly and reasonably relate to, and are reasonably required as a result of, the subdivision and development of land in the Development Contribution Area;
- b) it is to provide for Cost Contributions generally in accordance with the Commission's policies on developer contributions for Infrastructure;
- c) matters requiring land contribution, such as public open space, are to be treated as the cost of Infrastructure with any necessary adjustments to establish, where appropriate, a money equivalent; and
- d) Cost Contributions are to be based upon the proportion that the area of that Owner's land bears to the total area of land within the Development Contribution Area for which Cost Contributions have yet to be made.

5.3.9 Recommended content of Development Contribution Plans

5.3.9.1 The Development Contribution Plan is to specify:

- (a) the Development Contribution Area to which the Development Contribution Plan applies;
- (b) the Infrastructure and Administrative Costs to be funded through the Development Contribution Plan;
- (c) the method of determining the Cost Contribution of each Owner; and
- (d) the priority and timing for the provision of Infrastructure.

5.3.10 Period of Development Contribution Plan

A Development Contribution Plan may specify the period during which it is to operate.

5.3.11 Land excluded

In calculating both the area of an Owner's land and the total area of land in a Development Contribution Area, the area of land provided in that Development Contribution Area for:

- a) roads designated under the Metropolitan Region Scheme as Primary Regional Roads and Other Regional Roads;
- b) existing public open space;
- c) government primary and secondary schools; and
- d) such other land as is set out in the Development Contribution Plan, is to be excluded.

5.3.12 Cost Apportionment Schedule

5.3.12.1 Within 90 days of the Gazettal date of the Development Contribution Plan, the local government is to distribute a Cost Apportionment Schedule to all Owners in the Development Contribution Area.

5.3.12.2 The Cost Apportionment Schedule sets out in detail the calculation of the Cost Contribution for each Owner in the Development Contribution Area.

5.3.12.3 The Cost Apportionment Schedule does not form part of the Scheme.

5.3.13 Cost Contributions based on estimates

5.3.13.1 The value of Infrastructure and Administrative Costs is to be based on amounts expended, but when expenditure has not occurred, it is to be based on the best and latest estimated costs available to the local government.

5.3.13.2 Where a Cost Apportionment Schedule contains estimated costs, such estimated costs are to be reviewed at least annually by the local government:

- (a) in the case of land to be acquired, in accordance with clause 5.3.14
- (b) in all other cases, in accordance with the best and latest information available to the local government, until the expenditure on the relevant item of Infrastructure or Administrative Costs has occurred.

5.3.13.3 The local government is to have such estimated costs independently certified by an appropriate qualified person and must provide such independent certification to an Owner where requested to do so.

5.3.13.4 Where any Cost Contribution has been calculated on the basis of an estimated cost, the local government:

- (a) is to adjust the Cost Contribution of any Owner in accordance with the revised estimated costs; and
- (b) may accept a Cost Contribution, based upon estimated costs, as a final Cost Contribution and enter into an agreement with the Owner accordingly.

5.3.13.5 Where an Owner's Cost Contribution is adjusted under clause 5.3.11, the local government, on receiving a request in writing from an Owner, is to provide the Owner with a copy of estimated costs and the calculation of adjustments.

5.3.14 Valuation

5.3.14.1 Clause 5.3.14 applies in order to determine the value of land to be acquired for the purpose of providing Infrastructure.

5.3.14.2 In clause 5.3.14:

'Value' means fair nett expectance value which is to be calculated by determining the highest and best use of the land in its inglobo state either on its own or with other land ripe for subdivision and adding the margin for profit foregone had the land been able to be subdivided in its optimum form including allowances for all usual costs and expenses attributed to that land required to carry out such an exercise but not including an allowance for risk as might otherwise have been made.

'Profit' is to be 10% calculated by the difference between:

- (a) the gross realisation of the lots or part lots yielded from the subject land less the advertising and legal expenses so required to sell the lots; and
- (b) the amount of (a) divided by 1.1.

'Valuer' means a licensed valuer agreed by the local government and the Owner, or where the local government and the Owner are unable to reach agreement, a valuer appointed by the President of the Western Australian Division of the Australian Property Institute.

5.3.14.3 If an Owner objects to a valuation made by the Valuer, the Owner may give notice to the local government requesting a review of the amount of the Value, at the Owner's expense, within 28 days after being informed of the Value.

5.3.14.4 If the Valuer does not change the Value of the land to a figure acceptable to the Owner, the Value is to be determined:

- (a) by any method agreed between the local government and the Owner; or
- (b) if the local government and the Owner cannot agree, by arbitration in accordance with the *Commercial Arbitration Act 1985*.

5.3.15 Liability for Cost Contributions

5.3.15.1 An Owner is required to make a Cost Contribution in accordance with the applicable Development Contribution Plan and the provisions of clause 5.3.

5.3.15.2 An Owner's liability to pay the Owner's Cost Contribution to the local government arises on the earlier of:

- (a) the Commission endorsing its approval on the Diagram or Plan of Survey of the subdivision of the Owner's land within the Development Contribution Area;
- (b) the commencement of any development on the Owner's land within the Development Contribution Area; or

- (c) the time of applying to the local government or Commission for approval of any development on the Owner's land within the Development Contribution Area.

5.3.15.3 Notwithstanding clause 5.3.15.2, an Owner's liability to pay the Owner's Cost Contribution does not arise if the Owner commences development of the first single house or outbuildings associated with that first single house on an existing lot which has not been subdivided since the Gazettal of the Development Contribution Plan.

5.3.16 Payment of Cost Contribution

5.3.16.1 The Owner, with the agreement of the local government, is to pay the Owner's Cost Contribution by:

- (a) cheque or cash;
- (b) transferring to the local government or a public authority land in satisfaction of the Cost Contribution;
- (c) some other method acceptable to the local government; or
- (d) any combination of these methods.

5.3.16.2 The Owner, with the agreement of the local government, may pay the Owner's Cost Contribution in a lump sum, by instalments or in such other manner acceptable to the local government.

5.3.16.3 Payment by an Owner of the Cost Contribution, including a Cost Contribution based upon estimated costs, constitutes full and final discharge of the Owner's liability under the Development Contribution Plan.

5.3.17 Charge on land

5.3.17.1 The amount of any Cost Contribution for which an Owner is liable under clause 5.3.15, but has not paid, is a charge on the Owner's land to which the Cost Contribution relates, and the local government may lodge a caveat, at the Owner's expense, against the Owner's title to that land.

5.3.17.2 The local government, at the Owner's expense and subject to such other conditions as the local government thinks fit, is to withdraw a caveat lodged under clause 5.3.17.1 to permit a dealing and may then re-lodge the caveat to prevent further dealings.

5.3.17.3 If the Cost Contribution is paid in full, and if requested to do so by the Owner, the local government, at the expense of the Owner, is to withdraw any caveat lodged under clause 5.3.17.

5.3.18 Administration of Funds

5.3.18.1 The local government is to establish and maintain a reserve account in accordance with the Local Government Act 1995 for each Development Contribution Area into which Cost Contributions for that Development Contribution Area will be credited and from which all payments for the cost of Infrastructure and Administrative Costs within that Development Contribution Area will be paid. The purpose of such a reserve account or the use of money in such a reserve account is limited to the application of funds for that Development Contribution Area.

5.3.18.2 Interest earned on Cost Contributions credited to a reserve account in accordance with clause 5.3.18.1 is to be applied in the Development Contribution Area to which the reserve account relates.

5.3.18.3 The local government is to provide to every Owner who has a liability to make a Cost Contribution an audited annual statement of accounts for that Development Contribution Area as soon as practicable after the audited annual statement of accounts becomes available.

5.3.19 Shortfall or Excess in Cost Contributions

5.3.19.1 If there is a shortfall in the total of Cost Contributions when all Cost Contributions have been made or accounted for in a particular Development Contribution Area, the local government may:

- (a) make good the shortfall from its municipal fund;
- (b) enter into agreements with Owners to fund the shortfall; or
- (c) raise loans or borrow from a financial institution, but nothing in paragraph 5.3.19.1(a) restricts the right or power of the local government to impose a differential rate to a specified Development Contribution Area in that regard.

5.3.19.2 If there is an excess in funds available to the Development Contribution Area when all Cost Contributions have been made or accounted for in a particular Development Contribution Area, the local government is to apply the excess funds for the provision of additional facilities or improvements in that Development Contribution Area.

5.3.20 Powers of the local government

AMD 35 GG 05/04/11

The local government in implementing the Development Contribution Plan has the power to:

- (a) acquire any land or buildings within the Scheme area under the provisions of the *Planning and Development Act 2005*; and
- (b) deal with or dispose of any land which it has acquired under the provisions of the *Planning and Development Act 2005* in accordance with the law and for such purpose may make such agreements with other owners as it considers fit.

5.3.21 Arbitration

Subject to clause 5.3.14.4, any dispute between an Owner and the local government in connection with the Cost Contribution required to be made by an Owner is to be resolved by arbitration in accordance with the *Commercial Arbitration Act 1985*.

5.4 Local Planning Areas

5.4.1 Purpose

To protect and enhance locally desired character.

5.4.2 Planning Requirements

- a) Schedule 7 describes the local planning areas in detail and sets out the purpose and particular requirements that will apply to each local planning area.
- b) Where there is conflict between the general development requirements of the Scheme and specific development requirements of local planning area, the provisions of the local planning area shall prevail.
- c) Where there is conflict between the general development requirements of the local planning area and specific development requirements of smaller areas within the local planning area, the more specific provisions shall prevail.
- d) For each local planning area the Council may prepare a planning policy. The local planning area planning policies are contained in the Council's policy manual.
- e) Where a Development Area is situated within a local planning area, appropriate development requirements applicable to the Development Area shall be determined by Council through further comprehensive planning, including public consultation.

5.5 Fremantle Port Buffer

5.5.1 Purpose

To ensure that development in the vicinity of the Inner Harbour of the Port of Fremantle is compatible with port operational requirements.

5.5.2 Port Buffer Policy

- a) The Council shall produce and maintain a port buffer policy in accordance with Part 2 Division 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Schedule 2, to guide its deliberations when determining development applications or amending the Scheme in relation to land within the port buffer.
- (b) The Council shall notify Fremantle Ports when preparing and/ or amending its port buffer policy and shall, prior to finalising the policy or its amendment, have due regard to any comment or advice provided by Fremantle Ports.

5.5.3 Development referral areas

The Fremantle Port inner harbour buffer comprises three development referral areas numbered 1 to 3 as depicted in schedule 8.

5.5.3.1 Area 1

- (a) The Council shall refer all applications for development within Area 1 to Fremantle Ports for comment prior to determination of the application, regardless of whether the uses proposed are considered to be sensitive or not.

- (b) Should the Council seek to amend the Scheme in a manner that may in any way affect the development potential of land within Area 1, the Council shall notify Fremantle Ports of its intention to amend the Scheme as soon as practicable.

5.5.3.2 Area 2

- (a) The Council shall refer any application for development of a sensitive use: or any other application for development that will result in a concentration of people or residential developments incorporating 5 units or more within Area 2 to Fremantle Ports for comment prior to determination of the application.
- (b) In relation to (a), this also includes applications for refurbishment or renovation of buildings that would otherwise fall within scope of applications referred to in (a).
- (c) Should the Council seek to amend the Scheme in a manner that could result in an increase in the development of sensitive uses within Area 2, the Council shall notify Fremantle Ports of its intention to amend the Scheme as soon as practicable.

5.5.3.3 Area 3

Should the Council seek to amend the Scheme in a manner that could result in an increase in the development of sensitive uses within Area 3, the Council shall notify Fremantle Ports of its intention to amend the Scheme as soon as practicable.

5.5.4 Assessment of Development Applications

When determining a development application in relation to land and/ or buildings within any of the three Areas referred to in Clause 5.5.3, or when considering any amendment to this Scheme the Council shall, in addition to any other matter it is obliged to consider under this Scheme, have due regard to:

- a) any advice or comment provided by Fremantle Ports in relation to the development application or Scheme amendment, and
- b) Council's Port Buffer Policy.

5.6 O'Connor Industrial Interface Area

5.6.1 Purpose

- a) To retain the O'Connor Industrial area as a strategic industrial area for Fremantle and the South-West metropolitan region and to ensure that development contributes to high standard of amenity and design as well as compatibility with adjacent residential uses.
- b) To retain existing residential areas as predominantly low density residential, with access to suitable open space and protection of amenity from adjoining industrial uses.
- c) To ensure the development of the South Street Neighbourhood Centre as a vibrant community hub that serves the day-to-day needs of nearby residents.
AMD 85 GG 12/11/2021
- d) To ensure safe access and movement for pedestrians and cyclists.
- e) To prevent, as far as practicable, the intrusion of commercial and industrial traffic into residential streets.

5.6.2 Land Use

AMD 35 GG 05/04/11

5.6.2.1 Despite the provisions of table 1, the following uses are designated as “X” not permitted.

- (a) Industry-general (licensed),
- (b) Service station,
- (c) Fuel depot,
- (d) Motor vehicle repair,
- (e) Motor vehicle wrecking,
- (f) Transport depot.

5.6.2.2 Despite the provisions of table 1, the following use is designated “A” –

- a) motor vehicles, boat or caravan sales.

5.6.3 Except as provided for in the Scheme, residential development is to comply with the provisions of the R-Codes including variations as allowed for in the Codes.

5.6.4 In considering applications for industrial and commercial buildings Council shall have regard to all of the following:

- design of vehicle ingress / egress to minimise traffic impacts including intrusion of commercial vehicles into adjoining residential streets,
- high standard of landscaping, and
- materials and finishes to complement the visual amenity of the area.

5.6.5 Despite the provisions of clause 4.7.3, Council generally will not support relaxation of the standard parking requirements.

5.7 SPECIAL CONTROL AREA PROVISIONS FOR SMALL INFILL DEVELOPMENT

AMD 63 GG 12/2/19; AMD 79 GG 08/01/21

5.7.1 Notwithstanding the minimum and average site area and plot ratio requirements of clause 5.1.1, 6.1.1, table 1 and table 4 of the Residential Design Codes, Council may, at its discretion, grant development approval for the development of a Grouped Dwelling(s) and/or Multiple Dwelling(s) on a lot with a density coding of R35 or lower in the areas defined on the map as 'SCA 5.7' where the lot is over 600m² in size and the development complies with all the following criteria:

- a) Any new dwelling shall have up to a maximum floor area of 120m².
- b) A maximum of three dwellings, including any existing dwelling(s), on lots over 750m², one additional dwelling for every 150m² in excess of 750m² may be approved.
- c) A maximum of one vehicle parking bay shall be provided for each new dwelling and a maximum of two car bays shall be provided for any existing dwelling on the development site.

- d) Notwithstanding sub-clause 5.7.1 c), a nil vehicle parking requirement may be permitted where one small dwelling within a development achieves a floor area of 60m² of less.
 - e) Visitor parking shall not be provided for development less than 5 dwellings.
 - f) A minimum of 70% open space, as defined by the R-Codes, shall be provided over the entire development site unless otherwise provided for in a local planning policy.
 - g) A minimum 25% of the development site area shall be provided as a deep planting zone unless otherwise provided for in a local planning policy. The deep planting zone can be included as part of the open space for the development and 50% of the deep planting zone must be provided on the rear portion of the site unless otherwise provided for in a local planning policy.
 - h) A minimum of one tree, to Council specification, is required to be retained or planted in the deep planting zone on the site.
- 5.7.2 The requirements detailed in clause 5.7.1 are not capable of variation under clause 4.8.2.1.
- 5.7.3 For the purposes of sub-clause 5.7.1 g), deep planting zone: means an area of the lot for the exclusive use of supporting plant life. The deep planting zone shall:
- Be landscaped, water permeable, unpaved and uncovered.
 - Be a minimum length and width dimension of 3.0 metres.
 - Not be used for vehicle parking or access.
 - Contain no buildings, patios, pergolas, swimming pools or external fixtures.
- 5.7.4 In dealing with the subdivision of land designated on the scheme map as 'SCA 5.7', and where approval has been previously granted under Clause 5.7.1, the City may support subdivision provided development has been constructed to plate height in accordance with a development approval granted by the relevant authority.
- 5.7.5 Notwithstanding the requirements of Regulation 61 (1) of the *Planning and Development (Local Planning Schemes) Regulations 2015* and Schedule A - Supplemental Provisions to the Deemed Provisions, development approval is required for buildings, outbuildings, pergolas, verandas, patios, carports and garages for land designated on the scheme map as 'SCA 5.7' where approval has been previously granted under Clause 5.7.1.
- 5.7.6 Clause 5.7 and associated sub-clauses shall cease to have effect on the date of the fifth anniversary after publication in the Gazette of the amendment introducing those provisions into the scheme.

Land Use and location specific design requirements –

a) Notwithstanding the provisions of Table 2 – Zoning –

- (i) Residential uses will not be permitted in new buildings at ground level adjacent to Queen Street, Adelaide Street and Kings Square;
- (ii) Land uses at ground level adjacent to Queen Street, Adelaide Street and Kings Square shall contribute to generating interest and activity

within the adjacent public realm; and

- (iii) A minimum of 15% of the net lettable area within all new development on sites with a development site area greater than 3000sqm shall be provided for Office use.
- b) New development fronting Queen Street, Adelaide Street and Kings Square shall incorporate design measures to –
 - (i) Provide continuous weather protection at ground level for pedestrians along these streets and public spaces; and
 - (ii) Generate interest and activity within the adjacent public realm.
- c) New development at ground level adjacent to other streets and public areas not identified in a) and b) above may incorporate a mix of land uses and shall incorporate design measures to contribute to an interesting and diverse public realm.

Building Height and Setbacks –

- d) Clause 1.2 'Matters to be considered in applying general and specific height controls' does not apply to Sub Area 1.3.2.
- e) Building heights shall be in accordance with the requirements set out in the table below –

Notwithstanding the building heights in the above table, Council may impose a lesser building height on the part of the development within Areas 2, 6a and 6b, 7, 8, 10a and 10b, 11, 12 and 13 that directly adjoins a heritage listed building where the Council is of the view that a lesser building height on that part of the development is necessary to ensure the compatibility of the development with that building.
AMD 61 GG 14/07/2015

- f) Where a specific Local Planning Policy has been adopted to enable this provision, the Council may, at its discretion, permit up to the maximum building height as set out in clause (e) where – *AMD 61 GG 14/07/2015*
- (i) the development site is 3000sqm in area or greater; and
 - (ii) the footprint of the portion of the development with additional building height occupies no more than 40% of the total development site area;

And where, in addition to any specific requirement outlined in the specific Local Planning Policy, the development satisfies all of the following criteria –

- i) The development is of distinctive architecture befitting its location and exceptional design quality meeting at the highest possible standard the principles of good design listed under clause 11.8.6.3 of this Scheme, and including, but not limited to –
 - the development demonstrating a selection of high quality building materials, sustainable building measures and building longevity;
 - the design addressing the relationship of taller components to lower levels (podium);
 - the impact of the development on distant views;
 - the visual permeability of the development with the streetscape; and
 - the roofscape aspect of the design.
- ii) The development demonstrates best practice in environmentally sustainable design, incorporating into the building fabric measures to minimise energy consumption, water usage, emissions and waste;
- iii) the development causes no significant adverse impact on the amenity of the surrounding public realm in terms of, but not limited to, building scale, shadows and potential wind tunnelling;
- iv) The development provides a high quality landscaped and publicly accessible pedestrian environment at ground level, including where appropriate –
 - East-west mid-block pedestrian links that are convenient, legible, attractive, safe and activated as an integrated component of any development concept and linked to a broader pedestrian network in the area. Ongoing public access arrangements are to be determined by

- the area of the required street setbacks to Queen Street for Sites 1 and 2, being transferred at no cost to Council for the purposes of a road widening.

v) Where the net lettable area within the development for residential purposes is greater than 1000sqm, a minimum of 15 per cent of the residential net lettable area shall be provided for 'affordable housing'. Council may, at its discretion, consider the provision of the required amount of affordable housing on an alternative development site(s) within the general locality of the development site; and

- a minimum of 5% of the total dwelling yield of the development (excluding Affordable Housing dwellings) shall not be permitted within a designated car bay.

Council may require, as a condition of development approval, provision to be made to include notification on the property title(s) that owners and/or occupiers of dwellings without designated car parking bays will not be entitled to on-street residential parking permits.

AMD 61 GG 14/07/2015

The setback from the street façade required in (e) for any additional height above the Permitted Building Height does not apply on these sites if additional height is granted in accordance with the requirements and specific criteria under (f), including any specific requirement outlined in the specific Local Planning Policy.

Land use requirements

- a) Notwithstanding the provisions of Table 1:
- (i) Fast Food Outlet land use will be classed as an 'A' use within the Mixed Use zone in Sub Area 4.3.5 and Council may exercise discretion to grant development approval for development including a Fast Food Outlet use where it is satisfied that the proposed development satisfies all of the following criteria;
 - The Fast Food Outlet is located at ground level and the development incorporates at least one other land use in addition to Fast Food Outlet; and
 - The gross floor area of the additional land use(s) is equal to or greater than the gross floor area of the Fast Food Outlet land use; and
 - All land uses are integrated into a single built form comprising not less than three storeys; and
 - The design of the building creates a high quality and easily accessible pedestrian environment at ground level, and vehicle circulation and car parking facilities are designed to be subservient to pedestrian access to the front of the building.
 - (ii) Office, Convenience Store and Consulting Room land uses will be classed as 'A' uses within the Residential zone in Sub Area 4.3.5 where the use is part of a mixed use development.
